Internship Completion Letter

This letter presented to

Bensaada Hichem

For conducting a practical training internship at the Laboratory of Pharmacology and Pharmaceutical Development, Institute of Immunology FMBA of Russia since March 2024 to September 2025.

The training has focused on the development of delivery platforms for siRNA, was a key participant in the planning of these experiments and was trained in various analytical techniques including HPLC-MS/MS.

Head of the scientific and production complex
DSc, Professor, Valery V. Smirnov

Signature certified

Maria V. Khodzhava
